

## Oklahoma Sooner Quotes

### #1 ASU 15, #3 Oklahoma 3

#### **Head Coach Sunny Galloway**

##### *On the play of the game:*

“I think it is pretty obvious we are disappointed in the outcome. We told ourselves we are playing pretty good baseball at this point. Our Big 12 Tournament is set up for single elimination pool play which is what happened to us. We felt like the Big 12 Tournament rug was pulled out from under us but the NCAA tournament is set up for double elimination. It is one loss. We are still playing tomorrow. We will come back with our best effort tomorrow. I thought their guy [Mike] Leake was outstanding. We’ve seen some great arms this year. Our conference pitcher of the year, some other good ones around the country. That guy is as good as I’ve seen, as far as knowing the game of baseball, defending his position, pitching down in the zone, mixing it up and having fun when he does it. That is a pretty good college pitcher, who knows what he is doing. He is pretty special.

##### *On ASU’s hitting:*

[Arizona State] has a veteran line-up and they go about their business in a professional manner. I think it would be like having a line-up full of guys like the ones sitting to my left. These two guys are very mature hitters. Aljay [Davis] does a great job at center field and is a very competitive hitter for us. [Aaron] Baker has been all up and down our line-up with two home runs. It would be like having nine guys like that. That just takes some time and maturity. Two years ago when we came in we saw this line-up as freshmen. You knew at the time that they were going to be special and it has paid off for them now.
