#### **RQS • Defined**

Beginning last year, team and individual rankings were determined by a Regional Qualifying Score (RQS).

To compute RQS, gather the top six scores of the season, of which at least three must be away-scores (no more than three home scores). Of those six scores, drop the highest mark, add the remaining scores and then divide the sum by five.

The ROS system helps seed the top 18 teams into NCAA Regionals.
