**POSTGAME LOCKER ROOM QUOTES – Ohio**

Kat Yelle, Ohio Junior Guard:

**On what coach Bob Boldon's message was after the loss:** "We just didn't play our game. I have to give them (ASU) credit on their defense; they took us out of everything we wanted to do. So not only did we not play our game, but ASU had some great defense and that really contributed to us getting frustrated on the offensive side."

**On the optimism heading into the future with such a young team:** "We are really optimistic about next year. We are going to take this loss and we are going to learn from it. You're considered a loser when you lose and you don't learn anything. We aren't going to be a loser with this loss. We are going to take it and we are going to learn from it and hopefully get back here next year. Maybe next year it will prove that we learned from this loss."
