POSTGAME LOCKER ROOM QUOTES – Arizona State

Kelsey Moos, Arizona State Forward:

On what the emotions are like following the dramatic win: “To be honest, I think we are all in a bit of shock, but we are all really excited, too. UALR is a really good team and they fought the entire game. I’m just really proud of our team for sticking with it and then just coming together, especially at the end.”

On what UALR did to get ASU off its game: “They (UALR) were pretty aggressive. But on the offensive end it was all us -- we were turning the ball over too much. We knew they were going to be aggressive, and on the post we weren’t finishing well in the first half. We wanted to make some adjustments at halftime and those really came out in the last eight minutes of the game.”

On the quick turnaround, and getting back to business for the Sweet 16 game: “We will celebrate this one tonight, but I’m sure the coaches are already scouting as we speak. We will celebrate this one tonight and then get back at it tomorrow, focusing on Florida State.”

On what the attitude was like inside the huddles during the game: “I think we have a lot of confidence in one another, especially in end of the game situations. We knew that if we could claw back into that game and get ourselves in it at the end we knew that we’d have a chance to win it.”
